Minden OPP office officially opened

by Ariel White

The Minden office of the Ontario Provincial Police is once again officially open for business. The Minden detachment of the OPP held its open house on Friday to show off the new digs in the building they share with the Minden Ministry of Natural Resources. MPP Chris Hodgson was on hand to help celebrate the return of the OPP office to the Minden area.

The Minden detachment office return to Minden after being relocated to the Coboconk office. However, now the detachment is housed in the north section of the MNR building on Highway 35.

Staff Sergeant Andy Millar was enthusiastic about the move down the highway. "On behalf of the OPP, we would like to thank you for sharing in the opening of this facility," said Millar. "We certainly hope to be home here now. We feel quite happy to be here."

MPP Chris Hodgson took the opportunity to announce the provincial government's new Rural Crime Prevention Strategy. It will be aimed specifically at crimes such as cottage break-ins. As well, Hodgson discussed the new Ontario Provincial Police Cadet Program in which 115 cadets will provide some of the support duties, so that fully trained officers may move back out on to the streets. "We want officers doing what they were trained to do," said Hodgson. \$150 million dollars will be also invested in crime prevention and policing over the next five years, according to the recent provincial budget.

Hodgson thanked several groups for their efforts to keep Haliburton County safe, including community support groups such as the Wilberforce Community Policing Association, Haliburton County Council and township municipal councils, as well as the OPP.

Also on hand for the ceremony was Chief Superintendent John Hutton. According to Hutton, the move

OFFICIAL OPENING: Victoria-Haliburton MPP Chris Hodgson (left) joins Staff Sergeant Andy Millar and Chief Superintendent Bill Hutton for the official opening of the Ontario Provincial Police office in Minden.

into the MNR building will save the Minden detachment approximately \$37,000 dollars in rent. "It's money that I can use toward hiring more part time officers or putting it to other good uses," said Hutton. He believes that the cadet program will be beneficial to the region as it will allow officers more time to fo-

cus on break and enters, a particular problem in the area. "We are not ahead of the game, but I am certainly aware of the pressures to get up to strength," said Hutton. Chief Superintendent Hutton then officially welcomed the community to the new Minden detachment of the Ontario Provincial Police.

New school scheduled for completion by Christmas 1998

If all goes according to plan in Haliburton, next year there will be a new school in town. Last Tuesday, students and teachers from Victoria Street School gathered to mark the start of construction of the new Stuart Baker Elementary School.

The Trillium Lakelands District School Board approved the tender submitted by WS Morgan Construction Limited. The estimated cost of the new school is \$2,134,200. The school will be located next to the J.D. Hodgson Elementary School in Haliburton.

The Stuart Baker School will replace Victoria Street School which was constructed in 1923. Due to space constraints, safety concerns and the location next to the flood plain, it was determined that a new school was needed. The school will be home to students up to grade two. Originally it was to have included grade three classes, but now that the school board has introduced a junior kindergarten program, it will be accommodated in the new school. The new building will contain nine classrooms, a library and seminar room, play room, staff room, and reception area.

On hand for the sod turning cer-

emony were several school representatives, including Acting Director of Education Evelyn Brown, School Board Chair Cheryl Murdoch, Superintendents Dale Robinson and Jim Bradley, Victoria Street Principal Judy Tomlinson-Ross, Ann Creelman and wife of the

late Stuart Baker, Dorothy Baker.

Evelyn Brown took the opportunity to congratulate the students and teachers for their patience and effort in waiting for the construction of the new school to begin. "I know that as we build the school we are not only build-

ing bricks and mortar, but a solid foundation," said Brown.

Superintendent Dale Robinson thanked many people responsible for the new school, including the former

(more on page 2)

Surrounding by young helpers, School Board Chair Cheryl Murdoch, left, and Dorothy Baker, turn the sod to mark the start of construction of the Stuart Baker Elementary School in Haliburton.

Revised by-law list needed, AH&M Council told

Ingoldsby area property owner Bud Thorn told Anson, Hindon and Minden Council it needs to produce a revised compilation of the municipality's by-laws. He noted that the current handout is outdated.

"There have been so many changes made that it should be revised," he said.

The issue that prompted Thorn's visit to the council meeting was a Zoning Amendment by-law regarding legal non-conforming buildings.

He explained that a 30 metre setback on lakefront properties will force property owners to install their septic systems between any buildings and the water. Minimum lot sizes have increased over the past 30 years and the 30 metre setback imposed by the Ministry of Environment last year, he says, "is going to be the cruncher."

It was noted by council that the 30 metre setback was a MOE regulation, over which, municipalities have no control. It was also pointed out that notices of public meetings regarding the MOE regulation changes were publicized. The municipality even sent notices to property owners' associations, builders' organizations and others making them aware of the public meetings.

Thorn said his wife is the secretary of their property owners' association and she never received notification.

With respect to the municipal by-law amendment, Reeve Jeanne Anthon noted that the Anson, Hindon and Minden by-law was essentially the same as by-laws in neighbouring municipalities. She also stated that the by-law is less restrictive than the previous one.

"I don't see how this could be a contentious issue when we are improving the system," Anthon said.

"I don't think we could have dealt with it any better," added Councillor Grant Plooard.

Thorn expressed some concern over the \$200 fee for a minor variance. He asked if there was any guarantee that the fee would not escalate and become a revenue generator.

Anthon said the fee barely covers the municipality's costs and she assured Thorn it would not be a revenue generator.

Groundbreaking ceremonies mark the start of construction

(from page one)

Haliburton Board of Education, the Victoria Street School Council and Principal Judy Tomlinson-Ross.

Trillium Lakelands District School Board Chair Cheryl Murdoch was hopeful. "This is a day for long celebration and short speeches," said Murdoch. "This has been a long time coming and long overdue. We're finally here and this is our day. Enjoy!"

Murdoch also took time to reflect on the life of former Director of Education Stuart Baker, for whom the school is named. "Stuart Baker's life was about children. He devoted his whole life to children and education," said Murdoch.

Ann Creelman, a member of the Victoria Street School Council and staunch supporter of the Stuart Baker project couldn't believe that construction is actually underway. "Pinch me, I'm dreaming," said Creelman. She thanked the staff and students for their patience as well as the Haliburton School Board Trustees and former Director of Education Brad Saunders. "You will never know how much you are appreciated," she said.

Creelman also stated that she would like to see a little bit of the Victoria Street School brought forward to the future. She presented Bill Standon from WS Morgan with an old brick, found in the basement of the Victoria Street School as "... something great to build on."

Construction on the Stuart Baker Elementary School has already begun. The ground is currently being cleared and if the project stays on schedule, it is anticipated that the school should be complete by Christmas of 1998.

Coverage criticized

Thorn also criticized both local newspapers for not publicizing by-laws and by-law amendments.

"There is a very marked lack of communication in the press regarding what's happening at council meetings," Thorn said.

Anthon suggested the reason may be that "we are operating very efficiently and that's not very exciting."

Kinsmen Club hopes to raise \$250,000 for local hospitals

Raising \$250,000 for the Haliburton and Minden hospitals is a goal the Kinsmen Club of Minden believes is attainable.

A number of years ago, the Kinsmen, K-40 and Kinette Clubs of Minden were able to raise \$20,000 for medical services in Minden with a penny drive. With that in mind, the Kinsmen Club is proposing a Twoonie Drive for Saturday, September 5.

According to the organizers it will take considerable effort and support from what they describe as a small army of volunteers, including businesses, cottage associations and other groups to make it happen.

The Kinsmen Club is appealing for volunteers to help with the Twoonie Drive, and they would like to hear from anyone willing to help by June 2.

Those interested in becoming involved are asked to send a note to The Kinsmen Club of Minden, Box 15, Minden, ON, K0M 2K0.

She noted that the minutes of meetings and agendas are on the internet for anyone who has access.

Fish rain down from the skies

by Ariel White

Some say it rains pennies from heaven, and sometimes it even rains cats and dogs. But recently, it rained trout over several lakes in Haliburton, Victoria and Peterborough Counties.

The Ministry of Natural Resources has been involved in an intensive fish stocking program in an effort to ensure that anglers have something to catch in the years to come. As a result, over 80,000 speckled trout, lake trout and splake have been air dropped from an MNR helicopter.

MNR biologist Dana Kinsmen said that the Ministry stocks non-reproducing lakes on either an annual or bi-annual basis. These fish, especially splake, a cross breed of speckled and lake trout, are not intended to be stocked for reproduction. "These fish are put in the lakes to end up on the end of someones fishing line," said Kinsmen. "Although we can't guarantee that each fish will make it that far."

Over the course of three days, the Ministry of Natural Resources stocked 40,100 splake, 29,800 brook trout and 13,100 lake trout in over 24 lakes in the area. The MNR conducts its helicopter stocking project over a three week span across the province. The lakes involved in the stocking program include West Victoria, Lutterworth, Sheldon, Smudge, Copper, Little Echo, Concession, Little Bob, Big East, Ketch, Little Margaret, Lost, Grindstone, Avery, Nehemiah, Bruin, Orley, Shoelace, East Paint, Babbitt, Simpsons Pond and Black Cat. Although many of these lakes are isolated and have limited access, avid anglers will find them, on their search for that one big catch that didn't get away.

In addition to the Ministry effort, the Haliburton Highlands Outdoors Association has been raising 13,000 rainbow trout at their hatchery on County Road 1. These fingerlings were also recently released into area rivers recently.

The small fish used for the aerial stocking arrived by truck from a hatchery in North Bay. They are then transferred from the large transport tanks to a smaller container. When the weight is calculated, the fish and water are then transferred again from the container through a tube into a six section containment unit on board the helicopter. These units have an oxygen supply constantly pumped through the water to ensure the fish remain healthy.

The helicopter then makes its rounds to the designated lakes. The aircraft hovers about one metre above the water's surface. When the proper distance has been established, a release valve is pulled and both the fish and the water from one of the six containers spill into the lake, usually emptying in less than five seconds. Only one species of fish is dropped into each lake as they may, in their fight for survival, become predators.

The stocking in this area was very successful as almost every fish survived the long journey from North Bay to its destination lake. Odds are however, they will not be as successful during the trout seasons in the coming years.

Think about this! Students from Archie Stouffer, Gooderham and Dorset elementary schools participated in Think Bowl '98, a competition in problem solving and theatrics. Several teams consisting of students from grades four through six and seven and eight participated in the event at ASES. The top two winning teams will be participating in the championships in St. Catharines in June. The winning teams included Gooderham elementary school junior team Laura-Lee Snow, Josh Pasley, Stacey-Lee Robinson and Lynda Cheong and Archie Stouffer team Tyson Farrell, Matt Smith and Sterling Crowe. Both Intermediate teams were from Archie Stouffer and included students Janet Shim, Jen Moore, Cheryl Ripley, Casey Smith, David Bloomfield, Brock Thomas, Josh Wales and Lance Aggett.

New airport manager introduced

The following is a summary of some of the items discussed at the May 13 regular meeting of the Stanhope Municipal Council.

Stanhope supports Peterborough County

Stanhope Clerk Gerald Bain read a letter from the County Council of Peterborough concerning their apprehension about the new Municipal Act. The County of Peterborough has written to the provincial government, requesting that it defer the passing of the Municipal Act legislation until more public consultation can take place. The Peterborough County Council hoped that other municipalities would pass resolutions in support of their position.

Reeve Eleanor Harrison stated that she was in agreement with Peterborough. "The resolution is a good one. It seems that they (the provincial government) are ramming this down our throats," said Harrison. Council voted in favour of the resolution.

New Airport Manager welcomed

John Packer was introduced to council as the new Stanhope Airport Manager. Although Packer has been on the job for a couple of weeks, this was his first opportunity to meet with council officially.

"We certainly welcome you onboard," said Eleanor Harrison. "We hope that you enjoy your activity."

The manager has been working with the Ministry of Natural Resources. It has entered into an agreement with the airport which will allow MNR fire crews to use some of the facilities throughout the fire season.

Family Services Request

Fay Martin, the executive director for Family Services of Haliburton County, made a presentation on the organization. As well she discussed the possibility of a job opportunity program for youth in Haliburton County.

According to Martin, Family Services provides a "one stop shopping" facility for parents and children in need of counselling, infant development, case co-ordination and a variety of other services. "We are able to do better quality work. Now that we are under one roof we can talk readily and bring in services smoothly," said Martin.

Also discussed was a potential youth strategy program in which 12 youths aged 15 to 30 across Haliburton County would participate in a six month job program with local municipalities and non-profit groups. Martin is looking for contacts in all communities to link the appropriate youths to their suitable position. The applicants must be out of school and out of work.

Although most of council felt that the program

Claims high charges are discouraging development

Land owner angered by development charges

The Minden resident whose property could be used for a seniors housing subdivision is concerned that high development charges in the municipality could be hurting the project. Roy Windover says that the development charge of \$3,200 per lot in the proposed subdivision is making it difficult for the developers to sell the properties.

Developers are currently working with a non-profit corporation affiliated with the Minden Legion to create a subdivision which would include detached, semi detached and apartments on a life-lease basis. The project was announced last fall, but little has happened since.

The project calls for 74 lots which could result in a total development charge of \$236,800 claims Windover.

The land owner claims the development charges are putting a damper on sale of the leases. "The developers cannot afford to go ahead the way things are now," he commented last week. "With these high charges they cannot sell the units at a reasonable price."

Minden Reeve Jeanne Anthon described the development charges assessed by the municipality as reasonable considering the services which are being offered in the township and the village in particular. "These charges reflect the kind of long-term services residents get from the municipality," she commented, noting that funds collected as development charges are held in a separate account and can only be used for certain expenditures.

The reeve said the charges vary depending on the location. In the village where water and sewer services are available, recreational facilities and fire services are close at hand, they are higher. In rural areas or on lakefront lots, where the services are not readily available, the development charge is much lower.

"These development charges help to pay for such things as the upkeep at the arena, recreational services

and the fire department." They are also used to ease the long-term costs of operating the water and sewer systems, including replacement or repair.

Windover noted that in addition to the development charges, the developer is required to pay for the installation of water and sewer services, in the case of his property amounting to between \$400,000 and \$500,000. "The municipality doesn't do anything but collect the taxes and plough the roads," the disgruntled land owner said.

Windover pointed out that some municipalities in the county don't even have development charges and where they do, they are much lower than those charged in Minden village. He said the lot charge in Dysart is \$500, \$400 in Stanhope Township and it was \$1000 in Glamorgan Township. He said he was told the Glamorgan charges will soon be removed because, as he put it "it killed everything."

Anthon couldn't confirm the figures from other municipalities, but said that in a discussion with Dysart Reeve Murray Fearrey a number of years ago the development charges levied by each municipality were comparable, for the services offered.

The reeve noted that the municipal council felt it was fair for the cost of any new home construction (the charge does not apply to new commercial or industrial development) to include a share of the services already in existence and to provide funds for their maintenance and replacement. She said if there are no charges on new development, then those who are already paying taxes in the community will have to bear the costs generated by the addition of a new home (and family) on municipal services.

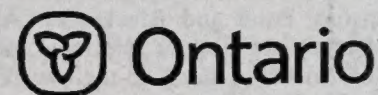

Windover suggested the AHM charges are way out of line and the Ministry of Municipal Affairs was concerned about it.

Anthon said she is confident the charges reflect a reasonable amount for the services offered. However,

she also pointed out that the council has agreed to a formal review of the charges following changes to the development charges legislation introduced recently by the provincial government. Anthon also noted that the development charges are levied at the point of severance, meaning they are paid by the developer. Some municipalities assess the development charges when a building permit is issued, meaning the home owner is responsible for the amount.

MPP Chris Hodgson, right, purchases the first pair of tickets for the Bobby Curtola dance and concert from Ross Rigney. The event, scheduled for August 1 weekend, will help raise funds for the Highlands health services capital works projects.

ATTENTION LAKE TROUT ANGLERS

**Haliburton Highlands Outdoors Association

Editorial An opening that should never have occurred

The official (re-) opening of the Minden OPP Detachment office which took place last week should never have happened. The facility should never have been closed in the first place.

The public's perception of the service provided by police officers has little to do with buildings. For most people, the contact they have with the men in blue occurs on the street, when officers are seen in passing cruisers, or in encounters, friendly or otherwise, in public venues.

and the yellow sign with the OPP crest is a symbol to all who see it that, yes, police are a part of this community; they have a presence here which provides both reassurance and a deterrence. It brings to light the realization that no matter how much money could be saved by amalgamating detachment services, there is a point past which cut-backs result in a loss of credibility and community confidence. The reassurance represented by the mere presence of that office on Highway 35 is something which simply cannot be measured in so-called cost-savings.

the office is back where it belongs, we are still puzzled and concerned that the services offered were reduced in the first place, and that the decision to do so appeared to have been financially driven.

(We might add a tip of the (wide-brimmed, of course) hat to Al Mayo and Linda Burley, among others, who, when the closure took place, marshalled the forces of public opinion to convince the government that closing the Minden detachment office was neither prudent nor acceptable to the citizens of the Highlands.)

That point being made, the office

So, while we are pleased to see

jb

Allowing the government to make arbitrary decisions

Editor:

With respect to recent meetings and articles on the Lands for Life Roundtable, I fully support Larry Hewitt's call for using accurate facts while we work towards consensus (*Letter to the Editor, May 11*). And as your editorial pointed out last week, if various factions spend all their energies disagreeing with one another, instead of finding common ground, and building on it, the government will have the perfect excuse to ignore all of us and make arbitrary decisions about the future of the lands that now belong to all of us - the Crown lands. We owe it to future generations to work at this. They will have to live with the consequences of the decisions being made this year.

While the use of accurate facts should be the basis of our discussions, I have to say I think it is easier said than done. In the first place, there are so many facts out there, that it is possible to choose accurate facts to support almost every argument. It brings to mind the game of paper, scissors, stone: paper covers stone, but scissors cut paper, but stone breaks scissors, but paper covers stone. One can have a similar kind of circular argument using accurate facts. One can get into long, frustrating dialogues of one-upmanship. And if we wait until we have all of the relevant facts, there will be very few participants in the discussion.

So I think we also need to give respect to those who appear to hold opposing views, and to truly listen to one another, and to forgive one another if we don't have all the relevant facts. I think most of us would claim that we get involved because we want to make a positive contribution to our community, not because we want to annoy anyone.

So all we can do is put out there what we believe is factual, and hope that if it is not accurate, someone will speak up. Here

is a fact which I think is accurate and very relevant: The fate of most of the Crown lands in Haliburton County has already been largely determined because licences to log them have already been issued under the Crown Forest Sustainability Act.

If this is true, how is the Lands for Life exercise relevant to the Crown lands in Haliburton County?

Carolynn Coburn,
Minden

YWCA continues its service

Editor:

The YWCA of Peterborough, Victoria and Haliburton is saddened by the closing of SIRCH Women's Emergency House. The YWCA and our Women's Safety Network staff supported the creation of Women's Emergency House, worked co-operatively with the staff and volunteers, and ensured that women and children staying there received immediate crisis counselling and support. We observed first hand the excellent supports provided by staff and volunteers and heard from women and children staying there how welcomed and supported they felt. The existence of the house in our community

is crucial to our goal of providing local services to abused women and their children.

Women needing help now can call the YWCA Women's Safety Network at 705-457-3355, or the YWCA Crossroads Shelters at 1-800-461-7656. All numbers are TTY accessible.

The YWCA is committed to being actively involved in the community response to the closing of Women's Emergency House. Our first concern is for the safety of women and children in Haliburton County. The upcoming community meeting on May 25 at 7 p.m. at the United Church in Haliburton will be a place to contribute

Do you want to travel to Minden, Germany with Art?

The Agnes Jamieson Gallery is hoping to find someone who is travelling to Europe this summer who can help them out. They would like to send Art along with them. No, this isn't someone by that name, but rather the hang on the wall, stand back and admire art.

The local committee has been invited to contribute local pieces to an exhibition which is being mounted in Minden, Germany as part of the celebration marking that

community's 1200th anniversary. The gallery committee has enthusiastically taken on the project and started to collect works of local artists which illustrate this Minden. They will have little trouble in gathering material to be sent. The problem comes in getting the art from here to there.

The gallery does not have the money to ship the work over separately, but would be willing to cover the additional (baggage) cost of anyone who is travelling to

Europe and would be willing to deliver the material to the organizers in Germany.

Ideally, the Minden, Germany organizers would like whoever brings the art to be a part of the anniversary celebration and represent Minden, Ontario in doing so. They are hoping this community's contribution to the exhibit could arrive during the summer so it could be prepared by the showing which is scheduled for the fall.

The organizers have also suggested that

the display could become a travelling exhibit which could then visit other communities named Minden. Details of that portion of the project are still being worked on.

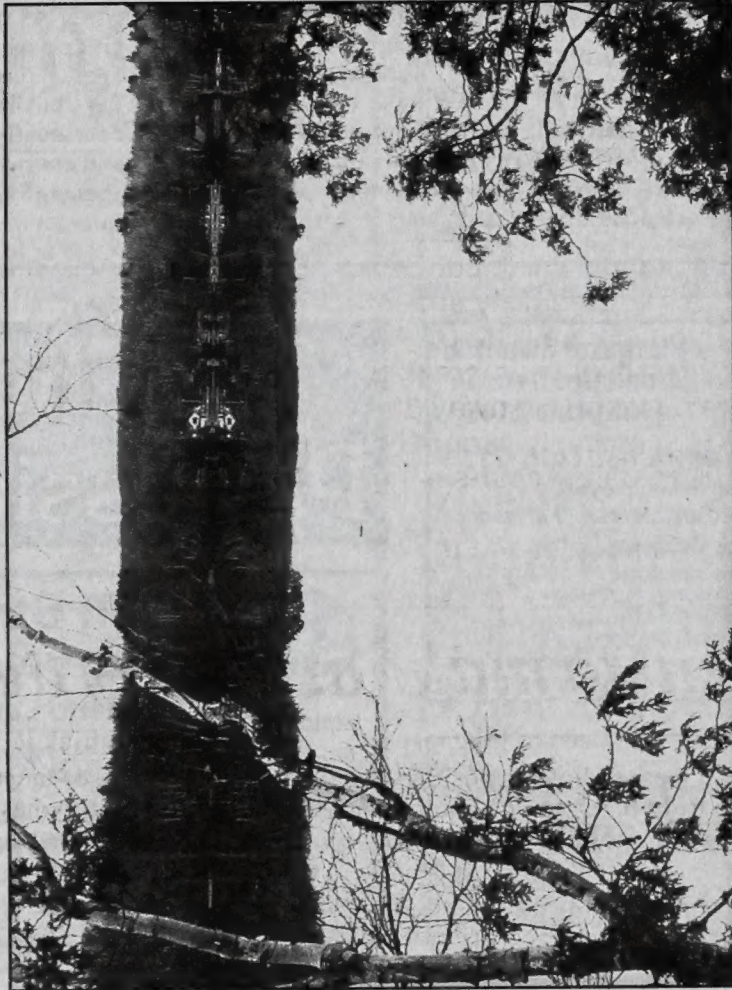

Anyone travelling to Europe this summer who is interested in making a stop in Minden, Germany is asked to contact the Agnes Jamieson Gallery committee in care of the Anson, Hindon and Minden municipal office, 705-286-1260.

WEH meeting

(from page 6)

ideas and discuss solutions. We hope to be part of the community solution. We encourage everyone who is concerned about the safety of women and children in Haliburton County to attend the community meeting. We hope to see you there.

Lynn Zimmer
Executive Director
YWCA of Peterborough,
Victoria and Haliburton

The blight revealed

Thanks to our readers, we are now able to reveal the cause of the nasty looking blight featured on this page last week (see photo left). We suggested the balsam was infected with some kind of disease that caused what appeared as a zipper-like scar running the length of the trunk. Some readers suggested it was the result of various diseases which could attack the tree and leave such an ugly scar behind. Others posited it was caused by sap or water freezing in a crack on the side of the tree and splitting it open. A few, however, noted that the symmetry of the scarring was perhaps a little too precise and so, turning the photo on its side, realized it was not an injured balsam they were looking at but rather a view across a mirror-still lake showing the reflection of the distant shoreline. Our thanks for indulging our little ruse and best of luck to those hoping to eradicate this blight from our forests.

Getting rid of a cell mate

So I'm sitting on a wood-slatted bench in the middle of a park on a fine Spring day, lobbing bread crumbs from a brown paper bag at a flock of free-loading pigeons and watching, out of the corner of my eye, popcorn clouds scud their way across the blue sky when suddenly, from the Jack Fraser-clad businessman on the next bench I hear....

Bbbbbbbbbbbrrrrrrrrrrrrrrrrrrpppppppp!

It's his cellular telephone. The guy fishes around in his inside jacket pocket, extracts a piece of plastic, sticks it next to his ear and for the next ten minutes I listen to this clown telling some sales rep how they have to get twenty units of number four grade frammajammit to their warehouse before Tuesday.

Cell phones. I'm sorry I had to be on the planet for the spawning of cell phones. I recall distinctly how pleasant life was without them. Now, they're everywhere. Remember when dining in a restaurant, riding in your car and certainly sitting in a park — was considered personal time? Relief from the workaday world? The cell phone has changed all that. Now, we can

take our work with us wherever we go.

Whoopee.

What's doubly ironic is: nine times out of ten, whatever business we're using our cell phones to take care of, isn't really all that crucial. A recent study of 1,800 cell phone users in Europe revealed that the Number One recipient of all cell phone calls were...spouses. Wives calling husbands. Husbands calling wives.

Which reminds me of my brief flirtation with cell phones. Yes, I, too, was once smitten. I bought a cell phone because I felt it would be nice to 'stay in touch' with the rest of the world when I was on the road. And the TV ads made it very clear how easy and convenient the cell phone was.

The ads didn't mention that you had to remember to charge the damned thing every day. And to lug it around with you everywhere you went, because cell phone thieves were making a specialty of breaking into vehicles in which owners had left their cell phones. Nor did the ads mention the fact that cell phones tend to 'go off' at the most inopportune times.

Such as, during 'romantic interludes'.

Or when you're in a washroom cubicle but your cell phone is in the pocket of your jacket, which is hanging on a clothes hook.

Outside the cubicle.

But I learned to handle the petty headaches that came with cell phone usage because....well, because the cell phone was just so darned useful.

I remember driving home one night from work with my shiny new cell phone on the seat beside me, and I was thinking: "Now this is exactly why I purchased this piece of cutting edge technology — so that I could phone up my sweet patootie from the comfort of my car to let her know I'm on my way."

I punched in my home number. It rang. Said Sweet Patootie picked it up.

"Hi, honey!" I trilled. "I'm finished work! I'm on my way home!"

A puzzled silence came down the line, followed by a familiar but sarcastic voice saying: "Oh, goody. You mean, just like last night?"

I sold my cell phone through a newspaper ad two days later. That was four years ago. I haven't needed — or wanted — a cell phone since.

Jack Brezina, left, is seen with AH&M Councillor Daryl Moore and Reeve Jeanne Anthon after Brezina received his award.

Minden publisher receives Volunteer Service Award

"The Municipal Council of Anson, Hindon and Minden is pleased to announce its proposal to nominate Jack Brezina as a 1998 Ontario Volunteer Service Award recipient was successful," Reeve Jeanne Anthon told the May 14 meeting of AH&M Council. "Marilyn Mushinski, Parliamentary Assistant to the Premier, presented Mr. Brezina with a Ten-Year Award and Certificate on Monday, May 11, at The Showplace in Peterborough."

Reeve Anthon and Councillor Daryl Moore attended the

ceremony.

"The service award is intended to acknowledge extraordinary time contributed on a voluntary basis" Anthon said. "The accumulated volunteer time Jack Brezina has contributed to local communities actually exceeds fifteen years and is most eclectic with service in health, sports, youth, social service, business, tourism and music. Minden and Haliburton County have benefited through his contributions."

Anthon said "On behalf of the community and Council, thank you Jack for your com-

mitment by recognizing needs and quickly volunteering your time and expertise to ensure the well-being of our community."

In its nomination information to the Ministry of Citizenship, Culture and Recreation, council outlined Brezina's volunteer contributions to the community.

"This person represents a citizen who operates and manages a successful and demanding business day-to-day but continually sacrifices his time and energy to meet the needs of

House Champions

The Youth Bowling Council team named Five Alive won the Team House Championship of the County Bowling Centre, beating representatives from all of the Centre's leagues. The team bowled an outstanding 216 pins over its average. Michelle Moore of the County Bowling Centre is seen here with Five Alive members Ryan Cole, Alan Clement and Matt Reinwald (left to right). Absent: Kyle Burley and Nikki Fomenko.

HHSS keeps Kawartha team title

by Paul Morissette

The Haliburton Highlands Secondary School track and field team successfully defended its team championship May 14 at the Kawartha Championships in Peterborough. The Haliburton team qualified 46 athletes -- 24 boys and 22 girls -- for this week's COSSA championships.

The team's depth was reflected by the fact that eight relay teams qualified for COSSA, with most Haliburton teams finishing in the top three. The team also took home more than 50 top three finishes, dominating the discus and hurdle events, while maintaining a strong performance in the sprints.

The boys' team was led by seniors Greg Simmons, who won both the pole vault and the javelin, and Ashley Walker's strong performance in the sprints. Matt Reid, a very versatile athlete who is just coming into his own, had a strong showing in both the discus and shot put events, while Jesse Sternberg turned in a good effort in the Junior boys sprints. The Midget boys were led by Kenny Mott, who captured both the shot put and discus titles and ran a strong hurdles event, placing second.

Hurdler Scott Curry won the distance hurdles and placed second in the sprint hurdles. Jamie Doan placed second in both the javelin and discus.

The girls' team was once again led by the dynamic duo of distance runner Stephanie Ratz and hurdler Kate Campbell. Ratz won the 800 metre and 3000 metre events, and placed second in the 1500. Campbell set two new Kawartha records in the hurdles. Her 11.8 mark in the 80 metre hurdles broke a long-standing record which had been established by Haliburton Olympian Lesley Tashlin in 1985.

Nicole Cooper continued her strong performances in the throwing events, winning the Junior girls discus with a toss of more than 31 metres.

Liane Dron, one of the team's hardest working members and a clutch performer, won both the shot put and discus events for the Midget girls.

Sprinters Meagan Kennedy and Amy Brandon had top performances on the track, while hurdlers Emily Brandon and Jordana Bain continued to impress. Emily Brandon won the 300 hurdles and was a close second in the sprint hurdles.

The Haliburton athletes will be competing in the COSSA Championships this Thursday in the hopes of advancing to the Eastern Ontario Championships, which will be held in Kingston.

Fun and friendship highlights 1997-98 bowling season

by Maurice Boyd

The league bowling season has come to an end for another year. All indications are that the bowlers enjoyed the year and had lots of fun making new friends and getting the exercise that we need during the winter months.

The Minden County 5 Pin Bowlers' Association wants to thank everyone for their support and participation, not only at our home alleys, but also the out of town tournaments. Your Board of Directors tried very hard to keep our activities with the Ontario 5 Pin Bowlers' Association as interesting as possible for all bowlers.

I want to thank all of the leagues for getting their weekly statistics to me in time for the paper. Also, thanks to Michelle and Scott Moore for their information on the out of town tournaments, in which our bowlers participated.

This will be my last bowling report, so I would be remiss if I did not thank the Minden Times for allowing me to do this column. Thanks also to Jerry Grozelle for his support and assistance.

A last reminder. During the summer, starting on June 4, every Thursday at 1:30 p.m. and 7:30 p.m. groups will be bowling for fun. There will not be any handicaps or scores recorded. This will be a get-to-

SECOND PLACE TEAM: Youth Bowling Council teams took the top two places in the County Bowling Centre's Team House Championships. The second place team includes, front, Matt Reinwald and Robert Cox. Back row (l to r): Lesley Cox, Michelle Moore (Bowling Centre owner), Andy Fox and Trevor Clement.

gether for exercise and socializing. Even if you have never bowled before, come out, try it and meet some great people.

For further information, contact the County Bowling centre.

So long for now. I hope everyone has a healthy and fun-filled summer.

Programs subject to change. Please confirm details with organizers.

Bass are off limits until June 2, MNR warns

Deliberately catching largemouth and smallmouth bass before the season opens -- even catch and release -- could land an unsuspecting angler in hot water.

Jenna Tompkins Memorial

Slo-Pitch Tournament set for June 20

The 1998 third annual Jenna Tompkins Memorial Slo-Pitch Tournament will be held at the Minden Ball Park on Saturday, June 20 from 9 a.m. until the championship trophy is presented.

Proceeds from this tournament are designated for the Minden Hospital Building Fund. The 1997 JTM raised nearly \$2,000 for the fund. Organizers are hopeful that the 1998 tournament will exceed that amount.

The day's activities will also feature a barbecue and some great draw prizes.

In addition to team participation, organizers are asking for support in the form of donations for draw prizes or food for the barbecue would also be appreciated, organizers say.

If you can help out with this event, contact Lew or Laurel Tompkins at 489-2266.

Lawn bowling anyone?

Officials of the Minden Lawn Bowling Club are inviting anyone interested in the sport to contact Ross Farr at 286-1578 or Gerry Ryan at 286-3757.

Lawn bowlers will be competing at the curling club beginning June 1.

MNR, public, won't tolerate poaching

Illegally taking a cow moose last fall cost a Madoc man \$800 and the loss of his hunting privileges for one year.

Donald Bailey was convicted of unlawfully hunting moose and knowingly possessing game unlawfully hunted, in Provincial Court in Belleville on May 12.

The court heard that Bailey had been hunting in a remote camp in Grimsthorpe Township, north of Belleville, where a limited number of cow tags are issued. Neither Bailey nor any members of his hunting party had a licence that was valid for taking a cow moose. On opening morning of the season, Bailey shot two calf moose and a cow.

Ministry of Natural Resources Conservation Officers received information regarding the offense, after the season was over. A three-month investigation by Bancroft and Peterborough officers resulted in the charges and subsequent conviction.

"MNR's Conservation Officers are actively protecting our natural resources with all the legislation at their disposal," said Enforcement Supervisor, Dan Smith. "This type of illegal activity will not be tolerated by Conservation Officers or the public."

Members of the public are reminded that they may assist in the protection of natural resources by notifying the MNR or Crime Stoppers of unlawful activities.

Barry Walker, a Conservation Officer with the Minden office of the Ministry of Natural Resources, pointed out that bass are nesting at this time of year and they are highly vulnerable.

"When the guard fish is taken away from the nest it leaves the young fish open to all sorts of predators," Walker said.

Bass hollow out a nest in the sand in shallow water and when the eggs hatch, the young fish, or fry, are guarded by an adult. If the adult is pulled off the nest, predators such as rock bass, bluegills and others, will move in and feed on the fry, often devastating the entire hatch.

In addition to the loss of the fry, the adult fish are

especially vulnerable as well. The stress of the spawning season weakens the adults and the added stress of being caught, especially if they are mishandled during the release, can be fatal.

Anyone caught purposely angling for bass before the season opens, even if they release the fish, is subject to a minimum \$100 fine, upon conviction.

"It's against the law to target bass before the season," Walker said. "A lot of people don't even realize they are doing any harm."

Two Canadian fishing show hosts, Italo Labignon and Henry Waschuk, recently found out the hard way that catching bass before the season opens is costly. Both were convicted in Provincial court this spring.

Haedicke leads HHSS scoring

It was the Inga Haedicke show Friday when the Haliburton Highlands Secondary School Senior girls soccer team played host to a pair of Lindsay teams. Haedicke scored all five of Haliburton's goals, leading HHSS to a pair of victories.

The opening game saw the Hal High squad build a 2-0 lead before the I.E. Weldon Wildcats scored late in the game. But Haliburton kept the opposition under control to preserve the 2-1 win.

Jenn Turner assisted on both of the Haliburton goals.

HHSS goaltender Amber-Lee Cully was outstanding in both games, earning the shutout in game two against the LCVI Spartans.

That game saw Haedicke score three times, pacing the Haliburton attack on the way to a 3-0 win.

The Seniors played two games on Wednesday, May 13. They lost to Fenelon Falls and beat LCVI. Scores of those

games were unavailable.

The HHSS Junior Girls soccer team played two games on May 13. They came out on the

short end of a 3-0 score against the Fenelon Falls Falcons and bowed 5-0 to the Weldon Wildcats.

FOLLOW THAT BALL: HHSS took a 2-0 lead against the Weldon Wildcats in Senior Girls' Soccer action in Haliburton Friday and held on for a 2-1 win. HHSS also won the second game, by a 3-0 score, over Lindsay Collegiate.

IS THIS SEAT TAKEN? Caryl Moulton left, receives a cheque for \$750 from Archie Stiouffer Elementary School Principal Peter Forgrave and student Co-presidents Jennifer Carpenter and David Bloomfield, on behalf of the staff and students. The money to purchase the seat in the new performing arts centre was collected through various fund-raising activities and donations.

No declaration in Somerville

—submitted—

The Township of Somerville has expressed its appreciation to all the property owners who experienced flooding this spring for their patience and understanding during a very trying time.

The Township of Somerville did not declare a disaster area as we were fortunate enough not to experience the three criteria, loss of life, personal injury, and loss of homes of permanent residents. Even if we had been eligible to declare the Burnt River area a disaster area, any provincial funding would only benefitted permanent residents where their insurance would not cover them. Fundraising would have been required as the province only matches the dollars raised by the community - it would not be a 100% grant. There would have been no assistance for seasonal residential property owners under the program.

We have been contacted by an organization, Construction Volunteers Canada, a non-profit group, to see if residents are in need of their assistance.

This organization is not affiliated with any level of government. Its mandate is to assist individuals who are extremely needy or have suffered severe structural damage as a result of flooding or similar calamity. The Township of Somerville has compiled a list of individuals who responded to an advertisement in local papers, who felt they were in need of assistance.

The list has been forwarded to Construction Volunteers Canada for review. The organization will be contacting those individuals to determine if, or in what manner they may be able to assist them.

At this time, no government funding has been received to assist residents of the Township, nor is any expected, other than at the local level regarding disposal of flood related materials into the landfill site. For further information, please contact the township office at 705-488-2571.

Times publisher's volunteer work recognized

(from page 8)

his community and fellow citizens.

"As one of it's founding members and current director, this person helped establish and maintain the Minden Sled Dog Derby as a world-class event, which continues as Minden's principal tourist event.

"Jack has keenly supported the development and well-being of the young people in our community. He has played Santa Claus to the Kindergarten classes and taught bread making to grade five classes.

"Critical work in health issues: Similar to most small communities, Minden has had to undertake comprehensive and strategic planning to determine the health needs for today and into the future. Jack has been involved in the process from the beginning, starting as a founding member of the Steering Committee for the Haliburton County Community Directional Plan who's mandate was to determine future needs for health, social services and related programs.

"Jack then went on to serve for three more consecutive volunteer years on the Haliburton County Planning and Development. His work on that committee culminated with the selection of the members to sit on the Acting Health Services Board, which is now implementing the health services programs of Haliburton County.

"He also served as a member of on Haliburton, Kawartha and Pine Ridge District Health Council, with terms as treasurer and vice chair, ensuring a strong voice in all health issues.

He is currently chair of the Community Committee for Recruiting Physicians in Minden.

Other community work

Jack has served the local Rotary Club as President and several other executive positions including the production of the Minden Rotary newsletter for several years. He was recognized by that club as the recipient of the Rotary Club of Minden Citizen on the Year Award in 1995.

He is a founding member of the Business Improvement Area and was recently acting chairman, providing stability and leadership while the BIA undergoes a management review.

Jack has helped organize and has acted as volunteer guide for tourist trips with Minden and area residents, enthusiastically marketing the Minden area while abroad and in return has ensured that the subsequent overseas visitors are adequately hosted and welcomed - a great promotion for Minden.

He was instrumental in having a Vietnamese family brought to our area in 1980, Jack and his family housed one of the young family members for several months.

As an editor of the local newspaper, Jack is fearlessly exacting in taking a stand. For example, he developed the "YES we believe in equality" posters when Minden was being infiltrated by the Canadian Nazi Party. He also marketed a "shop locally" campaign, and pro-

vided free distribution for health and hospital publications.

He has participated in employment co-op programs including job fairs for young students. His newspaper sponsors baseball and hockey teams annually, as well as The Times Four, a group of young and upcoming musicians.

"Jack Brezina operates a demanding business and is a dedicated family man, but he still manages to find

time to help the community with extraordinary volunteer hours. He, in particular, has been an untiring worker on behalf of our health services, hospital and doctor shortage crises.

"Jack has kept alive a strong community spirit in the countless ways he helps and supports so many groups and issues. He has always gone that extra mile for his community."

Concert proceeds

SIRCH Executive Director Gena Robertson, left, and Women's Emergency House co-ordinator Sheila Whiting accepts a fistful of cash from Zoe Chilco. Chilco organized a Blues and Boogie Benefit Bash in Toronto to raise money for WEH. The concert raised \$700 for the women's shelter. With the home closed at the moment the funds will be held in trust until the future of the home can be determined.

Minden Terry Fox Run

Organizers set \$7,500 target for 1998

The Minden Terry Fox Run organizing committee has set a \$7,500 goal for its fifth annual event, which will be held on Sunday, September 20. The committee met recently to start the planning process for this ambitious campaign to promote the fifth anniversary of the Minden Terry Fox Run.

"The 1997 event, the planning for which didn't start until a few weeks before the run, still managed to raise an incredible \$5,004.14 for cancer research. Every participant should be very proud for contributing to this tremendous event," said organizer Jerry Grozelle.

Several participants received special recognition for their accomplishments and/or contributions to the success of the 1997 event. Each received a prize award, which was made possible through the generosity of local businesses and organizations, including Minden Stedman's, Kawartha Dairy, BJ's Tree Service, Campbell's Garden Centre and Flower shop, Gramma's Fish and Chips, Wagon Wheel Motel and Restaurant, Mountain Lake Property Owners' Association and County Bowling Centre.

The prizes went to:

- Mackenzie Cray of Minden, who was the youngest participant.
- Sid Adamson of Minden, who was the oldest (ad-

mitted) participant and who received the most pledges.

- Chris Tweedie of Ottawa, who came the farthest to participate.

- Gord and Dianne Graham, who were the fastest running couple.

- Peter Hynard of Minden, who was the fastest running individual.

- Vicki Cross of Minden, who was the fastest walker.

"We have a dedicated group of community members who volunteer their time and effort, their resources and their financial support to ensure that some day a cure for cancer will be found," Grozelle added.

The Minden Terry Fox Run continues to be a success because you make a caring difference. The Minden Committee extends its sincerest thanks to everyone involved in this event. We look forward to continued support.

Mark Sunday, September 20 on your calendar. The committee is confident that Minden and area can realize the ambitious \$7,500 goal for the fifth annual Terry Fox Run for Cancer Research in 1998.

If you would like to assist in any way, contact Jerry Grozelle, Chair of the Minden event at 286-1288 (work) or 286-4516 (home) or via e-mail at jerry-g@iname.com.

Stanhope Council briefs

Family services present program

(from page 3)

sounded like a good learning experience for the municipality's youth, Councillor Anne Barker, voiced concerns over the definition of youth. Barker feels that the federal government's explanation of youth for this program is inappropriate. She also raised concerns over Family Services' current project, the Protocol Youth Centre in Minden.

Both Councillor Tom Gardner and Reeve Eleanor

Harrison felt that before Barker made judgement on the project, she should investigate her concerns. "Have you ever been in the building?" asked Gardner. "You don't know unless you go there."

Council suggested several contacts for the Family Services project, but was apprehensive as it was felt to mirror the Ontario Works program. Afraid that it might interfere with the provincial program, council left the issue for further discussion.

THE CORPORATION OF THE TOWNSHIP OF LUTTERWORTH PUBLIC NOTICE

File # SR-26/97

TAKE NOTICE that the Council of the Municipal Corporation of the Township of Lutterworth, proposes to enact a by-law to stop up, close and convey to the abutting property owner a portion of the original allowance for road set out and described as follows:

FIRSTLY: ALL and singular those certain parcels or tracts of land and premises situate, lying and being in the Township of Lutterworth, in the County of Haliburton and being composed of part of the original sixty-six foot shore road allowance along the shore of Denna Lake, lying in front of Part of Lot 8, Concession 10, and being more particularly described as Part 5 on a Plan deposited in the Registry Office for the Registry Division of the County of Haliburton as Plan 19R-6454.

THE PROPOSED BY-LAW will come before the said Council for consideration at its Regular Meeting at the Municipal Office, located three miles south of Minden on Highway #35, on the 11th day of June, 1998, at the hour of 4:00 p.m. and at that time, the Council will hear in person or by his or her counsel, solicitor or agent any person who claims that his or her land will be prejudicially affected and who applies to be heard.

DATED at the Township of Lutterworth this 5th day of May, 1998.

Branch 636 elects new executive

Bonjour.

May is almost over already. It hardly seems possible there are only 235 days 'til Christmas. Branch 636 has been very busy lately with nominations and elections as well as our weekly activities.

The following is our new slate of officers and directors for 1998/99: President Francine Newton; Past President Maurice Winterflood; First Vice President Russ Fair; Second Vice President Fred Cox; Treasurer Cliff Green; Secretary Shirley Kirk; Sgt-At-Arms Dave McAdam; Service Officer Bob Hurre; Executive members: Dora Foster, Maxine Cross, Marie Lennard, Syd Adamson, Gord Martin, Allin Cooper, Bruce McCreight and Dave Skinner.

Winners

The following is some of our meat draw winners of late: Buck Cowel, Joe Rivers, Bernie Burgess, Maurice Winterflood, Pete Clarke, Georgina Parkes, Dave Leslie, Snuffy McKnight, Ed Hisson, Donna McKnight, Anne Baker, Pat Scott, John Cooper, Lois McKnight, Marie Lennard, Norm Gilmore, Howie Ryan, Fred Gardner, Bill Bonner, Donna Purdy, Pam Tarswell, Norm Urquhart, and Norm Gemmel.

These meat draws are every Wednesday at noon. They are a lot of fun with great prizes such as roasts, steaks, chops, peameal bacon and chicken. Come on out for a nice Ladies Auxiliary Luncheon and some fun.

Coming up

Wednesday, May 20 - Trivia Night

Sunday, May 24 - Ladies Auxiliary Zone Convention in Bobcaygeon

Wednesday, May 27 - Branch Executive meeting at 7:30 p.m.

Russ Fair

This month's member profile features Russ Fair. I've been trying to corner this guy for over eight months. I'm sure you'll enjoy this profile.

Russell C. Fair: Born January 10, 1929 in East Toronto, Fair attended Bowmore, Secord and Gledhill Public Schools and Danforth Tech and Malvern Collegiate.

During a summer vacation in 1951, at Royal View Lodge, Haliburton, Fair met and later married (1952) Margaret Johnstone at Hope United Church in Toronto. They had five children including three boys and two girls who have produced seven grandchildren, six boys and one girl. Fair was divorced in the early 1980's.

Commencing in 1948, Fair spent the next forty-four years in administration and sales with Lever Brothers Limited, Thomas J. Lipton Ltd., Motor Vehicle Manufacturers Association, Avis Transport of Canada Ltd., Markham Chrysler Dodge Ltd. and after 15 years in the automotive leasing industry, joined CTG Ltd. (Canadian Telecommunications Group) as the national fleet manager. Later he joined British Telecom, sold to CTG to TIE Canada Ltd., in the same capacity until retiring in 1992.

From 1950 to 1954, Fair served in the 29th Field Regiment (Reserve), Royal Canadian Artillery. As a charter member of the Scarborough Junior Chamber of Commerce (Jaycees), he held various executive positions locally and provincially and was awarded a life membership in Junior Chamber as a Senator. As a resident in Guildwood Village, Scarborough, Fair became involved in Minor Football, serving as president of the Scarborough Boys Football League or three terms, as well as Director of the Scarborough Rams Junior Football Club and the Ontario Amateur Football Association. For his efforts for minor football, he received a citation and plaque from the Borough of Scarborough at its annual Recreation and Parks Recognition awards dinner in 1970.

Fair caught the curling bug in the late 60's and joined the Unionville Curling Club, serving as director and president in 1977-78. He was general chairman of the 1981 Ontario Labatt Tankard (Later Nokia Cup) and an official at the 1989 Uniroyal-Goodrich World Junior Mens' and Ladies' Championships, both of

which were organized and hosted by the Unionville club. Recently that club presented Fair with an Honorary Life Membership.

Since retiring to Echo Bay with Helen Rice in 1992, Fair has continued volunteer work as director of the Haliburton County Home Support Services, and currently as treasurer of the Minden Hospital Building Fund, director of the Minden Seniors Curling Club, executive member of the Royal Canadian Legion, and vice-chairman of the board of directors of the Minden Legion Non-profit Housing Inc. He is also an avid bridge player and enjoys golf.

Thanks Russ!

Cub's chuckles

The seven year-old told her mom that the little boy in her class asked her to play doctor. "Oh dear," the mother nervously sighed. "What happened honey?"

"Nothing. He made me wait 45 minutes and then double billed OHIP."

Concerned about her teenager, a mother sought the advice of a psychologist. "My son likes girlie pictures," she said. "I found them while straightening out his underwear drawer."

"I don't think there's anything to worry about, Mrs. Jones," the doctor said. "It's only a phase he'll be going through the rest of his life."

Till next issue, thanks a lot! Cub

Babies being made at Hyland Crest

Pouting dolls have taken over Hyland Crest. They are just everywhere. Pouting in corners of residents' rooms, against chairs, against beds. They go for walks, eat with us, and sleep with us. What are they you ask? You'll have to read a little further to find out. First we need to catch up on our news.

Last Thursday evening (the 7th) we participated in our first

"quiet time" with Donna. We had a good crowd out, and enjoyed our time together. Donna, we want you to know you did fine going solo. We look forward to many more sessions. The following afternoon we had a fun happy hour with the music of Bert Bonnell.

Saturday was a quiet day, but Sunday was very busy as we expected. We had lots of visitors for Mother's Day and some stayed to have supper with us. A few of us were out with family on this special day. Winnie Barnum was very pleased to have her grandson visit her. She was able to see that he is recovering nicely from his injuries he suffered some time ago.

On Monday we welcomed Ira Carter to our home, on vacation care, and in the afternoon our residents council held its monthly meeting. Pastor Power was with us for Tuesday chapel, during which we remembered Roland Sedgwick. Many residents attended.

That afternoon Doris headed a workshop. Quite a few of us attended, along with many helpers. It was time to "give birth" to our cry babies. It's amazing what can be accomplished with coat hangers, batten, baby clothes etc. And of course many helping hands. There were some family members, volunteers and staff, all coming together to help with our "children". What fun we had and we want to thank Doris for initiating the project, those who gave of their time and those who donated the clothing. Our little pouters have definitely joined our family here and everyone of them has been named. So, next time you are here, glance around and see how many you can spot.

We are thoroughly enjoying the company of Seven. He is a well trained and obedient Sheltie. He has already been joined by two new permanent residents - two canaries. They fill our days with their beautiful song. What a pleasure to hear birds singing. The canaries are compliments of the Residents Council, but the cage was donated by the person who sold us the birds. We wish to send,

our thanks for that generosity. Residents council is also considering buying a couple of budgies and there is a rumour that we may be getting a parrot.

One of our vacation care residents left us recently and he reported that he really enjoyed his time with us. He did not have one unkind comment to make which pleased us all very much, including management and staff.

We were very glad to see Beth and Fred Parker visiting us recently. Both were volunteers at our home. It's always good to see old friends. Get well wishes go out to Janet who is not well at this time. Take care Janet and come back soon, we miss you.

Well, it's Thursday again. Our tea party will be hosted by "Sunshine Sisters". Thank you ladies for spending time with us.

Upcoming birthdays are on May 21 - Beatrice Britain and Alice Rivers. Happy Birthday ladies.

We are looking forward to Friday when some special entertainment has been planned. Tell you all about it next week.

Before we sign off we send our apologies to the Ladies Auxiliary. Last week we said that the \$7 ticket covers the cost of dance and food at our Country Music Jamboree. The \$7 admission is for the dance. Food will be on sale, provided by the Ladies Auxiliary, to help with our fund-raising. Sorry folks, to have misled you like that. Guess we got the wrong end of the stick. Have to forgive us "ole" folks. Anyway, \$7 is still a good deal. So please join us for fun, fun, fun.

Bye now. See you next week.

Around the County Town

by Nora Snyder (call 286-4425)

Life is filled with so many things.

Life moves along and then there is a jolt. One of those jolts was the death last week of Dorothy Rowe. Dorothy and Cec had just moved to Lindsay so she could be closer to doctors because she was suffering from leukemia. So we watched them go, thinking that now Dorothy would be looked after by her care-givers and all would be well. That wasn't the way it was going to be.

A month before they left Minden I phoned the Rows because I had seen the 'Sold' sign on their house and I wanted to find out what they were doing next. We had operated B&Bs at the same time and we sometimes got together to talk shop. I so enjoyed their company.

When I called I wasn't aware that Dorothy was ill. She told me all the things she was dealing with, how she was feeling and that the people who bought their house were going to operate a B&B. An hour or so after that call, Dorothy called me back to say that she would like our conversation to be off the record! When I went to the visitation, Cec reminded me of the conversation and gave me permission to refer to it now. My condolences go out to Cec and all of his family.

Last week we also lost Ken Walsh. I will always remember one July 1st., when Ken got the Legion marchers assembled right in front of Minden House. He displayed wonderful leadership skills in leading a parade as he called out his orders. The RCMP were also there in their bright red uniforms. Flags were blowing in the breeze. It was great fun!

Ken and I also shared in the spring clean-up skills of Eddie Ray who lives way up near Lake St. Nora. Eddie is so good at what he does it was worth the drive to bring him down to Minden! Ken would pick Eddie up in the morning and I would drive him home.

My condolences to Ken's wife Viola and their family. I am sure their beauti-

ful collie misses his master too.

A correction of an item last week. It is the Women's Institute which is meeting at Don and Bea Berry's home on May 20 at 1:30 p.m., not the UCW as reported. Please excuse the error. I hope it did not confuse things too much!!

The Minden Food Bank reminds us about the food boxes in the Valu-Mart and the IGA. Lately there haven't been many items dropped off in them. Please, when you are doing your shopping, or any other time, do drop some non-perishable foods into the boxes. The Food Bank distributes food all year round to those in need.

Club 35 had its usual good turnout on May 4. Helen Henderson won the 50/50 draw. Lone hands won by Rhoda Woolner; high woman by Olive Jones; high man, Merv Bunker; low woman, Jeanne Penick; low man, Cliff Woolner; baloney, Rhoda Woolner. There go the Woolners again, winning all the prizes!!

Well, apparently Ross Fletcher was in Toronto again last week and wasn't at the Stanhope Bridge afternoon. More lessons, Ross? Are all the players back from the south intimidating you? Dorothy Strype and Wynne Hansen bid and made a small slam that afternoon and also came in second and third, respectively. First for the day was Betty Roszell!!

Ingoldsby UCW is sponsoring a yard sale on May 30 at 9:00 a.m. at the Ingoldsby United Church. There will be something for everyone!!! Mark the date on your calendar. I notice in the paper that it is yard sale time again. Lots of bargains out there for the finding!! I am sure Ingoldsby will make a great stop on the 30th.

Bid Euchre results from Stanhope. Women: first Sharon Evans, 313; sec-

ond. Marion Hill, 287; third Marjorie Cowan, 273. Men: first Marcel Roussel, 329; second Alvin Cowen, 282; third. Norm Lee, 260. Hidden score, Margaret Fletcher, 207. There were ten moon shots, count them, 10!! Ruth Durkin, Helen Lee, Stan Hill, Marion Hill, Margaret Fletcher, Marjorie Cowen with two, Jim Skinner also with two and Sharon Evans.

Bid euchre results from the Minden Legion on May 4. The top three winners were Pat Scadden, Jean Scadden and our very own Marg McAfee. The hidden score was held by Irene Fuhr. There were two moon shots won by Jack Chilton and Ida Young.

It is Sneaker Day week!! On Friday May 22 (this Friday!!) we can participate in walking for our own health and ultimately the health of our community. We have a lovely town to walk in. Lots to see, to smell, to touch, to hear!! We are so lucky to be able to walk in town and still be surrounded by nature. Starting time for the walk is 11:00 a.m. with groups leaving every 5 minutes from the gazebo beside the Gull River bridge. Remember we should accumulate 30 minutes or more of moderately intense physical activity on most, preferably all days of the week. I will be there walking on Friday. See you there!!!

St. Paul's Friendship Club was happy to welcome the bowlers back to the group now that the season is concluded. Marie Dennie, one of them, was one of the winners last week. She was high man!! Other winners were, lone hands, Iris Taylor; high woman, Jeanne Keliele; hidden score, Katie Parker; low man, Bill Mosley. Ellie Langpohl is one of the other bowlers back in the group.

Last week was the second last night for Euchre at Gelert. There was a great crowd out to play and join in the fellowship. The happy winners were high

woman, Helen Byne; low woman, Dorothy Milburn; high man, Neil Cartwright; low man, Harold Harvie; 50/50 draw, Emily Harvie.

The last group to be mentioned this week is the Minden Legion Euchre on May 7. Most lone hands, Marg McAfee and Rob Evans; high scores, Sharon Evans and Vi Edgson; low, Marg Fletcher and Ellie Langpohl; other prizes, Don Blakey, Sherin Brown, Ralph Schroter and Bill Mitchell. The Legion must have had a full week last week, what with the funeral services for Ken Walsh.

I was so happy to see that the mural is getting started. This one and the others to follow will be such a lift for our town. Outdoor murals are art for every person. They are so accessible. Every time we are out doing our thing we will see them. We don't have to go to a gallery to view them. They should draw others here to have a look. Nature. People. Art. All mixed together. Positive combinations!!

I want to mention a book I have been reading about gardening. It is called "The Healing Garden" by Marjorie Harris. It is full of gardening tips for creating gardens which soothe the soul. Wonderful ideas. Lots of lists of plants which create beautiful sights, draw butterflies and birds and create oases for rejuvenation. Especially great for the novice like me!!

I borrowed the book from The Alternative on Main street in Minden, but I will have to have my own copy to use as a reference and also because I am a book addict!! I will get the book back to the store so someone else can borrow it!!

The long week-end is here, the beginning of summer, as we know it. I hope everyone is ready!! I am getting there!! See you next week!!

GARY L. THURSTON

CA, ACIS, PADM, CFE
CHARTERED ACCOUNTANT

*wishes to announce
his acceptance into membership in the*

**ASSOCIATION OF CERTIFIED FRAUD
EXAMINERS**

The Association has members in more than 60 nations. CFEs are responsible for resolving a wide range of allegations of white-collar crime and fraud. They have the expertise to obtain evidence, take statements and write reports, testify to findings and assist in all aspects of detecting and preventing white-collar crime. The Association's international membership consists primarily of auditors, criminologists and lawyers. It was founded for the purpose of reducing the incidence of fraud and white-collar crime, and achieves this goal by training members in the specialized techniques necessary to detect, investigate and deter fraud.

pieces of string and/or balls of
colours you know you'll never
use to add to our giant ball.

FOUR CHAIRS

We have four chairs at the
Museum. Each chair is unique
and is placed where we think
it is most effective. Sorry, we
can't tell you any more than
that. You'll have to come in
and see why these chairs are
so unique.

JIGSAW PUZZLE

A thirty quilt block jigsaw
puzzle has been set up in the
main building. Join us for a
chat and a bit of fun.

WINDMILL AND NEW DISPLAY BUILDING

Well, the windmill is in place
and work should be in
progress on the new display
building at some point in the
much more display space and
perhaps the old buildings can
relax at the seams again.
There is another building, a
barn, in the works and
hopefully, it too will be
completed for this season.

YARD SALE

Saturday, June 13. Our annual
yard sale will be in full swing
from 9 a.m. People tell us they
look forward to this sale every
year.

SPECIAL EVENTS

History Contest

Details of the History contest
will be available on June 30,
1998 for anyone interested in
participating. An outline of
events as we estimate that
they happened is available.
Categories have been broken
down into grade standings.
This is one of our Year 2000
Projects.

DOMBIND

Public Information Session

Norampac Inc. Trenton Division invites you to attend a public
information session on Dombind, a dust suppressant and road
binder used on rural roads in Ontario.

The session will take place:

Saturday, May 23, 1998

12 noon to 5:00 p.m.

Minden Community Centre

Park Street, Minden

Norampac is holding the public information session to listen to your
views, answer your questions and provide you with information
about the application and production of Dombind.

The session will include displays and videos, and will be hosted by
representatives of Norampac's Trenton mill.

We hope you will be able to attend.

If you would like more information or have comments about
Dombind, please visit the public information session or contact:

Norampac Inc. Trenton Division

Box 807, 300 Marmora Street Trenton, Ontario K8V 5R8

Telephone: (613) 392-6505 Fax: (613) 392-3026

or visit our website at www.dombind.com

Additional public information sessions will be held across Ontario
in Ailsa Craig, St. Mary's and Sunderland in May, 1998.

Classified Ads

AT REST

WALSH,
Kenneth Gerald

After a long illness at the Haliburton Hospital on Monday, May 11, 1998, at the age of 72. Loving husband of Viola. Retired CNR Engineer and Member of the Irish Regiment of Canada (CD). Brother to Mrs. Al Boback (Maureen) and uncle to many nieces and nephews. Fondly remembered by his many friends. Friends were invited to visit at the Gordon A. Monk Funeral Home, 127 Main Street, Minden (1-888-588-5777) from 2-4 and 7-9 p.m. on Tuesday. Then to Our Lady of Fatima Catholic Church, Minden for Mass of Christian Burial on Wednesday, May 13th, 1998 at 11 a.m. Interment Minden Cemetery. Legion Service was held at the Funeral Home on Tuesday at 7:30 p.m.

CARDS OF THANKS

Many thanks to all our neighbours and friends who helped out during my recent heart problem. Am on a good recovery now and hope to be back to normal soon.
Harvey (Bud) Alderton
North Shore Road.

AT REST

ROWE,
Dorothy Jean
(nee Furniss)

Born on July 29, 1926 in Toronto and passed away in Lindsay on May 10th, 1998, due to leukemia. Beloved wife and best friend of Cecil Frederick Rowe for 28 Happy Years. Loving mother of Charles Coulson (Margie), Jeffrey Coulson (Janice) and Gregory Coulson (Jackie). Loving step-mother of Robert Rowe (Karey), John Rowe (Carol) and Lorraine Tilley (Bob). Dorothy is lovingly remembered by her grandchildren Christine, Jade, Jessie, Jodie, Joshua and Drew. Dorothy is survived by her sisters Ruth Gallagher (Mel) of New Hamburg, Helen Kidd (Bill) of Scarborough and by her brother Arthur Furniss of California. Dorothy served as Postmaster at Milliken (18 years) and Minden (3 1/2 years) Post Offices. Friends were invited to visit the family at the Gordon A. Monk Funeral Home, 127 Main Street, Minden K0M 2K0 (1-888-588-5777) from 2-4 and 7-9 p.m. on Wednesday. Then to the Minden United Church for Funeral Service on Thursday, May 14th, 1998 at 2 p.m. Cremation to follow. Memorial donations to the Minden Hospital Building Fund or to the Cancer Society would be appreciated by the family.
